## **OTHER ACTIVITIES, PROJECTS AND SERVICE**

### ***The Hand Center of San Antonio***

The David P. Green Mentorship Award, 2016 – 2017

Helped to establish and fundraise for an annual award through the American Society for Surgery of the Hand (ASSH) and the American Foundation for Surgery of the Hand (AFSH) to highlight Dr. Green’s contributions to hand surgery as a field and to hand surgeons throughout the world. In so doing, our intent is to recognize others who have similarly dedicated their careers to raising up and investing in the next generation and to inspire all of us to do the same.

The Spanish Exchange Program, 2015 – Present

Traveled to Madrid, Spain after completion of my Hand Surgery Fellowship upon the invitation of Dr. Samuel Antuna, whom I met as an Orthopaedic Resident. I was hosted at the El Hospital Universitario La Paz and became acquainted with the Orthopaedic Residents and Attending Surgeons and learned that there was an interest in Hand Surgery, but their exposure was limited. We developed an elective external rotation for Spanish Orthopaedic Residents, who now have the option to travel to San Antonio, Texas and learn more about Hand, Wrist and Microvascular Surgery. More information can be found at <http://www.handcentersa.com/spanish-exchange>.

***Northwestern University Feinberg School of Medicine***

The Business of Orthopaedics Lecture Series, 2009 – 2013

Developed and integrated a lecture series that exposes residents to business concepts in health care in the Department of Orthopaedic Surgery at Northwestern University Feinberg School of Medicine. We subsequently developed a similar series that is now available to residency programs across the country. It can be found at <http://www.aaos.org/advocacy/OLS>.

Invited Lecture, Operation Change, Chicago, IL, 2013

Presented to a group of Spanish-speaking women about osteoarthritis: background, pathologic process, diagnosis, and treatment. Emphasis was placed on the importance of non-operative measures in the treatment of osteoarthritis, including lifestyle modifications and developing healthy habits.

The American Academy of Orthopaedic Surgeons, September 2011 – March 2013

Invited to the Health Care Systems Committee Meeting in July 2011 and served as a Resident Representative and Invited Guest to the Practice Management Committee Meeting in September 2011, September 2012, and March 2013.

Invited Lecture, George Rogers Clark High School, Hammond, Indiana, 2012

Presented to high school juniors and seniors about orthopaedic surgery as a career; encouraged students from disadvantaged backgrounds to consider all careers as options; and offered advice for pursuing college after high school.

Invited Online Presentation, Northwestern Memorial Hospital, Chicago, Illinois, 2012

Recorded presentations for nurses employed at NMH who were studying for their recertification exams. Topics included the management of acute scaphoid fractures and the management of lateral epicondylitis.

Silver Service, April 2011

Participated in a medical mission trip to Buga, Colombia to treat musculoskeletal conditions in children from underserved communities.

High Cardiac Risk Joints Protocol, Fall 2009

Worked with a Perioperative Medicine Attending, Adult Reconstruction Attendings, and the IT Department to create an order set to help automate and

standardize perioperative care of high cardiac risk patients undergoing Total Joint Replacement.
